TECHNICAL DATA SHEET

AT316 AUTO ALL PURPOSE UNIVERSAL CLEANER

EFFECTIVE: FEBRUARY 2022

Product Description

AT316 Auto All Purpose Universal Cleaner is a versatile all purpose surface cleaner for use in the preparation and cleaning of multiple substrates before preparation and prior to painting with either waterborne or solventborne coatings.

- As a cleaner of substrates prior to sanding and before applying coatings.
- Universal Cleaner will remove oils, greases AND water soluble contaminants.
- Universal Cleaner has an ANTISTATIC Effect, and is effective as a antimicrobial, fungal, bactericide, and disinfectant.
- CLEAN SAND CLEAN is the recommended process.
- Suitable for the cleaning of Original Finish and cured refinish coatings, metals, ALL Plastics, Fibreglass, Ceramics, Wood, Glass etc.
- Universal Cleaner is suitable for use with all types of coatings. Only one cleaner is required for both Solventborne and Waterborne applications.

Substrates

Original Finish and cured refinish coatings, metals, ALL Plastics, Fibreglass, Ceramics, Wood, Glass etc.

Mixing Ratio

Ready for use, No dilution is required.

Application (Pre-treatment / Cleaning)

- Check a small area first for any attack, softening or frying. If any damage is visible, do not use this product.
- Remove any loose material prior to use.
- Using a clean lint free wipe or cotton cloth, apply Universal Cleaner evenly to the surface either by spraying or on a cloth, then wipe off the surface dry using a second dry lint free cloth before it evaporates.
- Clean small areas at a time no larger than 600mm x 600mm
