

# AMMOPOL

## Wash and Wax Floor Cleaner

### → DESCRIPTION

A wash and wax type floor cleaner suitable for vinyl and all resilient flooring.

### → BENEFITS

- Cleans and redeposits a small amount of sealer when used
- All-in-one wash and wax product
- Maintains polish on floor
- Can be applied using conventional mops
- Mild herbal lavender fragrance
- Suitable for all resilient flooring

### → APPLICATION

Ammopol is suitable for use on all resilient flooring and can be used across all industries with high traffic flooring areas such as supermarkets, shopping centres, hospitals, aged care facilities and schools.

### → DIRECTIONS FOR USE

Ammopol gives best results when used to maintain floors already sealed with Image.

Add 125-250mL/5L water or dilution rate of 1:20 to 1:40 (pending the level of maintenance required) and wash floor. The floor may be buffed when dry to enhance the shine.

Use Ammopol 1 - 2 times per week to maintain the polish film. Do not use daily as the polish may build up on the floor. Do not use if the floor is heavily soiled as the soils may become trapped in the polish film. Do not apply or buff over 1200rpm. Use a low rpm applicator for an even application and shine.
