

NO-RINSE SANITISER Hard Surface Sanitiser

→ DESCRIPTION

A sanitiser that kills 99% bacteria without the need for rinsing after use. Available as a powder in pre-measured sachets for dilution at site.

→ BENEFITS

- Provides sanitation without the need to rinse surfaces afterwards
- Kills more than 99.999% E.Coli and S.Aureus on clean surfaces
- Sanitises surfaces in 2 minutes
- Quick-dissolve powder formula to reduce shipping of water
- Pre proportioned sachets for efficient storage and accurate dosage of product
- Fragrance-free and approved for use in food processing areas
- Contains readily biodegradable surfactants

→ APPLICATION

DomSafe™ No-Rinse Sanitiser is suitable for use on all hard surfaces and in all food contact and preparation areas.

→ DIRECTIONS FOR USE

Preparation: Empty sachet into bottle with 750mL cold water. Cap and swirl until dissolved.

Directions for use: Thoroughly clean all surfaces with a suitable detergent solution and rinse with fresh water.

For no-rinse sanitising, spray evenly onto cleaned surface and allow to dry for at least 5 minutes.

Do NOT mix with any other product, including other detergents.

Do NOT spray over food.

Do NOT use as a food sanitiser.

Surfaces must be adequately drained before processing operations resume.
