

BWL

Reference Table

Usage Table

Use the amount shown below as a guide. After a while, the operators will be able to establish the optimum needed for each tank.

Table 1. BWL litres required for average tartrate structure -

| Tank Size | Light Deposit | Medium Deposit | Heavy Deposit |
|------------------|----------------------|-----------------------|----------------------|
| 10,000l | 3 | 4 | 6 |
| 20,000l | 4 | 5 | 8 |
| 50,000l | 6 | 10 | 15 |
| 100,000l | 10 | 15 | 22 |
| 200,000l | 15 | 20 | 30 |
| 500,000l | 20 | 30 | 45 |
