

ALCOHOL BASED HAND SANITISER

→ DESCRIPTION

WHO (World Health Organisation) approved formulation alcohol-based hand sanitiser.

→ BENEFITS

- Contains 80% v/v ethanol to kill germs
- WHO (World Health Organisation) approved formulation suitable for use in healthcare facilities
- Available in a hygienic sealed pod for use in wall dispenser
- Use without water
- Very quick drying, leaving no residue
- Free from common allergens
- Thin liquid formula, not gel

→ APPLICATION

Alcohol-Based Hand Sanitiser is suitable for use across a wide range of industries from Health Care to the Food Industry.

→ DIRECTIONS FOR USE

Dispense onto and rub into both hands. Wave hands to reduce drying time if required.

DISPENSER INSTRUCTIONS

Open dispenser and insert bag with the foam nozzle at the top. Close dispenser ensuring the bag is not pinched.
