

SPRAY & WIPE Hard Surface Cleaner Sanitiser

→ DESCRIPTION

A combined cleaner and sanitiser for all hard surfaces. Cleans and sanitises in one simple action. Available as a powder in pre-measured sachets for dilution at site.

→ BENEFITS

- Quick-dissolve powder formula to reduce shipping of water
- Pre proportioned sachets for efficient storage and accurate dosage of product
- Kills 99.999% of E.Coli and S.Aureus when used as directed
- Leaves surfaces sparkling
- Fragrance-free and approved for use in food processing areas
- Contains readily biodegradable surfactants

→ APPLICATION

For use across many applications and industries where a one-step cleaner sanitiser is required.

→ DIRECTIONS FOR USE

Preparation: Empty sachet into a bottle with 750mL cold water. Cap and tighten bottle and swirl until powder is dissolved.

Directions for use: Spray over the surface and wipe off with a clean paper towel or cloth.

For optimum sanitation, allow to act on the surface for at least 2 minutes before wiping off.

If surface is heavily soiled, pre-clean first and rinse with fresh, clean water before sanitising.

Do not mix with any other soaps or detergents as deactivation may occur.

Rinse all food contact surfaces with fresh, clean water after use.
