

# MAJOR MANUAL DISHWASHING DETERGENT

## → DESCRIPTION

Neutral pH detergent for manual dishwashing and general cleaning.

## → FEATURES & BENEFITS

- Neutral pH and contains biodegradable surfactants, safer for hands and the environment
- Effectively removes grease and food residues
- Suitable for both domestic and commercial applications

## → APPLICATION

- Ideal for manual dishwashing in commercial kitchens, restaurants, and cafes
- Suitable for domestic dishwashing and general cleaning

## → DIRECTIONS FOR USE

### DOMESTIC USE

Dilute 1-5mL/L of water. Adjust concentration based on soil levels.

### COMMERCIAL USE

Use 25mL to 50mL per 50L of water for efficient cleaning in food service environments.

### GENERAL CLEANING

Dilute 2mL per litre of water for surface cleaning.

If using through a dispensing bottle, do not dilute with water before adding to the bottle as this will dilute the preservative.

### FOOD CONTACT SURFACES

Rinse with potable water after use.
