

# TECHNICAL BULLETIN

## Bathroom Cleaner - RTU

### Product Description

Bathroom Cleaner delivers effective removal of limescale, soap scum and general residue from all hard bathroom surfaces, such as tile, glass, tapware, sinks, toilets, shower heads and towel rails.

Specialised polymeric technology included in Bathroom Cleaner modifies the cleaned surface, making it less likely to attract limescale and easier to clean in the future.

### Applications

Apply to all bathroom surfaces by simply spraying directly onto the surface and wiping off with a clean cloth. For use on reflective surfaces, such as glossy tiles, shower screens and mirrors, ensure a lint-free cloth, such as microfiber fabric, is used.

For exceptional results on bathroom mirrors, use Dominant Glass Cleaner.

Not recommended for use on un-sealed natural stone materials, such as marble, terrazzo, travertine, granite or limestone.

Spot test product on surface before use to ensure compatibility.

### Technical Data

Bathroom Cleaner RTU contains an effective blend of acidic descalers, biodegradable surfactants and specialised polymers to provide surfaces that are more resistant to collecting dirt, scale and general residue.

### Pack Sizes

8 x 750ml Carton

C29905

### Dominant Colour Code

### Hazard Information & Safety

Classified as Hazardous according to the criteria of the SafeWork Australia, utilising GHS. A Safety Data Sheet for this product is available at [www.dominant.com.au/sds](http://www.dominant.com.au/sds)

Warning

Causes serious eye irritation.

Poisons Schedule:

Dangerous Goods: Not Classified

### Recommended PPE

Wear: **GLOVES, SAFETY GLASSES** when handling.
