

→ DESCRIPTION

A highly effective degreaser designed to remove thick oil, grease and tar deposits from engines, floors and equipment.

→ BENEFITS

- Contains a specialised blend of biodegradable detergents so surfaces can be rinsed off with water
- Can be diluted with up to 8 parts kerosene for maximum economy
- Quickly penetrates thick deposits of oils and grease and removes them from surfaces

→ APPLICATION

CSD is suitable for use on engines, machinery, equipment and concrete floors.

→ DIRECTIONS FOR USE

Use CSD either neat or at a ratio of up to 1:8 (120mL/1L) with kerosene.

1. Spray or brush onto oil and grease deposits
2. Leave for a few minutes to act
3. Rinse off with water

The product will form a milky emulsion when mixed with water.

TO REMOVE TAR DEPOSITS

1. Apply CSD to surface with a rag
2. Rinse off with water

CSD will also remove any polish so this will need to be reapplied to the affected area.

Concentrated Solvent Degreaser has a flash point of 63°C in the neat form.

When diluted with kerosene, CSD will have a lower flash point.
