

Big Red Disinfectant

Technical Bulletin

Product Description

Big Red has a long lasting complex fragrance that has extremely good deodorising properties.

Big Red cleans, disinfects and deodorises in one easy step. Safe to use on all washable surfaces.

Applications

Use at a dilution of 1:40 (½ cup in a half filled bucket) on any clean or lightly soiled surface. If soiling is heavy, increase concentration or preclean first before disinfecting.

Do not mix any soaps, detergents or other chemicals with Big Red or deactivation may occur.

Technical Data

Big Red is a neutral pH liquid containing biodegradable non-ionic detergents for cleaning, a complex floral fragrance for deodorising and 2.5% quaternary ammonium compound for disinfecting.
