

# SANIDISH

# Anti-bacterial Dishwasher Powder

## → DESCRIPTION

A high performance dishwasher powder designed for domestic dishwashing machines.

## → BENEFITS

- Contains high level antimicrobial properties that provide sanitation at 40°C and above\*
- Added enzymes effectively remove protein and starch soils
- Contains oxygen bleach for added stain removal
- Removes baked-on food deposits with ease
- Contains scale inhibitors, keeping dishwasher in a scale-free condition
- Non-caustic and non-corrosive
- Available in child-safe 900g jerry cans
- Contains an anti-ingestion agent to help prevent accidental ingestion

\*Sanidish was tested and passed BS EN 1276:1997 at 40°C under dirty conditions against the following organisms: *Listeria monocytogenes*, *Escherichia coli* and *Salmonella cholerasuis*.

## → APPLICATION

Sanidish is suitable for use in both domestic and commercial dishwasher machines.

## → DIRECTIONS FOR USE

### COMMERCIAL DISHWASHERS

Dose at a rate of 2g/L.

Add 60-120g to tank initially (120g for large tanks such as Hobart AM12 or AM100 with 60L capacity). Then add 8g per rack to maintain concentration.

### DOMESTIC MACHINES

Add 24g to the dispenser.
