CLEAR COAT

Please read all directions thoroughly before beginning. For further information about leather care, visit www.leatherique.com.au.

Use Leatherique® Clear Coat to protect the steering wheels and other leather surfaces from oils from your hands.

It is recommended that Leatherique® Clear Coat is used after use of Leatherique® Rejuvenator and Pristine Clean.

Instructions

- Lightly spray Clear Coat to the leather surface
- Dampen a sheet of paper towel or soft cloth with water, wring it dry and shape the towel into a "Powder Puff" without any edges.
- Using moderate pressure, wipe the surface in a circular motion.
- Allow each coat to dry for 30-60 minutes before applying subsequent coats.
- Apply 2-3 extremely thin coats for optimal coverage.
- Allow the surface to remain untouched for 48 hours.
- Buff the leather with a soft cloth.

Use Leatherique® Rejuvenator and Pristine Clean every 6 months to preserve your leather's beauty, and keep your leather soft, subtle and clean.

Disclaimer: Leatherique® products are intended for use as described in the provided product documentation. It is important to read and follow all instructions and warnings.
