

## VANDALISM MARK REMOVER

### DESCRIPTION

**VANDALISM MARK REMOVER** is a special blend of cleaners and solvents formulated to remove stubborn marks such as spray paints, marking inks, crayons, lipstick, road tar, stencil inks and other solvent and oil base stains from horizontal and vertical non-porous surfaces.

### APPLICATIONS

Road Signs, Trucks, Restroom Walls, Public Buildings and Buses etc.

### TECHNICAL DATA

**WEIGHT:** 454g  
**CLASSIFICATION:** Aerosol vandalism mark remover  
**GENERAL APPEARANCE:** Clear liquid  
**COLOUR:** Colourless  
**ODOUR:** Aromatic solvents  
**pH:** N/A  
**SPRAY PATTERN:** Wet mist  
**FLAMMABILITY:** Extremely flammable  
**NFPA Code 30B:** Level 3

### DIRECTIONS FOR USE

Spray on surface to be cleaned and wipe off with clean cloth. In stubborn cases, repeat the application and allow to set for 15 to 30 seconds to allow the chemicals to work. Before using on synthetic surfaces, such as plastic, rubber, asphalt or others, test for any evidence of attack.
