

CLARITY

Window Cleaner

DESCRIPTION

Clarity is an Isopropanol based glass cleaner. It is solvent boosted to allow for easy application through all plastic atomisers. Simply spray on and wipe off. Use of a chamois is recommended for a smearless finish. The latest Nano technology is used to allow for a streak free, anti-static film on all glass & perspex surfaces.

APPLICATIONS

Hotels, Motels, Nursing Homes, Hospitals and Automotive Industry.
 For cleaning all glass products, windows and mirrors.
 Can be used on stainless steel or chrome.
 No ammonia. Non Flammable. Not Dangerous Goods.

TECHNICAL DATA

FORM: Liquid	FLASH POINT: Not Flammable
ODOUR: Sweet Solvent	FLAME EXTENSION: N/A
COLOUR: Clear	SOLUBILITY IN WATER: Soluble
DETERGENCY: Good	SPECIFIC GRAVITY: 0.98 g/ml (water = 1)
TOXICITY: Nontoxic	%VOLATILE BY VOLUME: 99%
WETTING ABILITY: Excellent	pH: 6.5 - 7.0
STORAGE ABILITY: 2 years	PROPELLANT: N/A
COLD STABILITY: Stable	EVAPORATION RATE: Slow
PHOSPHATES: Nil	BIODEGRADABILITY: Yes

DIRECTIONS FOR USE

Clarity should be used undiluted in an atomiser bottle. Spray on glass and wipe off with a clean soft cloth - a chamois is recommended. Safe non-ammoniated formulation. The latest Nano technology allows for a sensational smear free finish. Clarity is an ideal multipurpose surface cleaner with reduced static charge. Safe on perspex, chrome, brass, plastics and most composites. Clarity is safe to use on tinted windscreens and tinted glass.
