

MA PENETRANT

DESCRIPTION

MA PENETRANT is a highly concentrated penetrating spray. **MA PENETRANT** is aimed squarely at Industry where the need for a quality product at a budget price is required.

APPLICATIONS

MA PENETRANT is ideal for applications where large volumes are required. Penetrates and lubricates.

TECHNICAL DATA

FORM: Liquid
ODOUR: Slight vegetable oil
COLOUR: Clear Amber
DETERGENCY: N/A
TOXICITY: Low
WETTING ABILITY: N/A
STORAGE ABILITY: 1 year
COLD STABILITY: Stable
PHOSPHATES: Nil

FLASH POINT: 111°C
FLAME EXTENSION: N/A
SOLUBILITY IN WATER: No
SPECIFIC GRAVITY: 0.88
%VOLATILE BY VOLUME: 100%
pH: N/A
PROPELLANT: N/A
EVAPORATION RATE: Slow
BIODEGRADABILITY: No

LABEL INFORMATION

MA PENETRANT has been developed using the latest technical information to utilise naturally occurring vegetable oils and corrosion inhibitors.

MA PENETRANT works very well as a short term preventative corrosion coating as well as lubricating frozen and stuck parts.
