Aggressive Formula-Effective on acrylic and Urethane Finishes

Nonammoniated Pleasant Fragrance

This aggressive non-ammoniated floor stripper is designed to quickly remove water-based burnished floor finish including urethanes and most acrylic seals. This product is suitable for vinyl composition tile, terrazzo, ceramic tile and concrete. Its heavy-duty formula requires less scrubbing and the low residue content minimizes rinsing requirements. The product cuts in half the time and labor required by normal stripping procedures. Excellent at removing multiple coats of burnished polymer floor finishes.
