

## WASH BRIGHT POWDER

CHLORINATED MACHINE DISHWASHER POWDER

### DESCRIPTION

**WASH BRIGHT POWDER** is a heavy duty biodegradable chlorinated machine dishwashing detergent powder containing high quality wetting agents which leaves dishes, glasses and cutlery sparkling clean, without the additional use of rinse additives.

### APPLICATIONS

As this product is chlorine based it is suitable for use in hospitals, nursing homes and similar institutions where sanitising is of high importance. It is recommended for both commercial and industrial applications.

### TECHNICAL DATA

**FORM:** Powder  
**ODOUR:** Slight Chlorine  
**COLOUR:** White  
**TOXICITY:** Poison S5 %  
**WETTING ABILITY:** Excellent  
**STORAGE ABILITY:** 2 Year  
**STABILITY:** Stable  
**BIODEGRADABILITY:** Yes

**SOLUBILITY IN WATER:** Yes  
**DETERGENCY:** Excellent  
**BULK DENSITY:** 900Kg/cubic metre  
**VOLATILE BY VOLUME:** 0%  
**pH (10% soln) :** >12  
**VISCOSITY:** NA  
**PHOSPHATES:** 23%
