

FERROUS CLEAN

DESCRIPTION

ALKALINE DETERGENT POWDERS

APPLICATIONS

Engine and transmission re-conditioners

TECHNICAL DATA

FORM: Powder
ODOUR: Pine
SOLUBILITY IN WATER: 100%
DETERGENCY: Excellent
TOXICITY: Poison S5
WETTING ABILITY: Excellent
STORAGE ABILITY: 2 year
COLD STABILITY: Stable

FLASH POINT: Nil
COLOUR: White
PHOSPHATES: Yes
SPECIFIC GRAVITY: 95 - 100%
%VOLATILE BY VOLUME: Nil
pH: >12
PROPELLANT: Nil
EVAPORATION RATE: N/A
BIODEGRADABILITY: No

DIRECTIONS FOR USE

Alkaline powder developed to remove carbon, grease, soot oil and grime from Alloy engine and transmission blocks without causing damage to Alloys.

Very effective as a spray parts washer that requires a low foam detergent powder.

Use FERROUS CLEAN at a dilution of 0.2 to 0.6% (10g - 30g) per 4 - 5 litres.
 For extra heavy duty deposits use at up to 1.10% (45g) per 4 - 5 litres.
