

## LIMASOLVE

TAR SOLVENT

### DESCRIPTION

**LIMASOLVE** is a combination of natural biodegradable and hydrocarbon solvents – designed specifically to remove bitumen and tar.

**LIMASOLVE** may be used in conjunction with MA TRUCK WASH to give a thick clinging action which allows **LIMASOLVE** to penetrate and wash off effectively.

### APPLICATIONS

Walls, Floors, all types of Machinery, Road Resurfacing, Patching Trucks, Flocon Trucks, Sprayers, Brooms and Shovels.

### TECHNICAL DATA

**FORM:** Liquid  
**ODOUR:** Lime  
**COLOUR:** Lime  
**SPECIFIC GRAVITY:** N/A  
**TOXICITY:** N/A  
**WETTING ABILITY:** Excellent  
**STORAGE ABILITY:** 1 year +  
**STABILITY:** N/A  
**PHOSPHATES:** Nil

**FLASH POINT:** 53°C  
**BOILING POINT:** 155°C  
**SOLUBILITY IN WATER:** Emulsifies  
**DETERGENCY:** Excellent  
**%VOLATILE BY VOLUME:** 95%  
**pH:** 8  
**VISCOSITY:** Thin  
**EVAPORATION RATE:** Slow  
**BIODEGRADABILITY:** No

### LABEL INFORMATION

**LIMASOLVE** is very concentrated and is best diluted with **Minehan Agencies TRUCK WASH** and water.

### DIRECTIONS FOR USE

Spray a mixture of **LIMASOLVE** and **Minehan Agencies TRUCK WASH** onto area to be cleaned and allow to soak for between 5 and 15 minutes. Use pressure washer to remove contaminants.

If you are trying to remove tar from plastic try on an inconspicuous part first.
