

FLEETMASTER GOLD QB

Heavy Duty Vehicle and Equipment Cleaner

DESCRIPTION

Description: Fleetmaster Gold QB is developed to break in oil separators and to remove heavy road film with minimal agitation.

APPLICATIONS

Fleetmaster Gold QB breaks the electrostatic bond of heavy metals, ie: lead, zinc, copper, bauxite and normal road film commonly found in Australia, emulsifies grease, oil and dirt this making it simple to clean with a pressure washer or steam cleaner. Fleetmaster Gold QB has effective corrosion inhibitors to stop rust in chassis seams etc. Fleetmaster Gold QB is ideal for use before painting earthmoving equipment. Contains a protective film to help protect painted surfaces.

TECHNICAL DATA

FORM:	FLASH POINT: Not Flammable
ODOUR: Faint	FLAME EXTENSION:
COLOUR: Amber/Gold	SOLUBILITY IN WATER: Soluble
DETERGENCY:	SPECIFIC GRAVITY: 1.08-1.09g/ml (water =1)
TOXICITY:	%VOLATILE BY VOLUME: 70%
WETTING ABILITY:	pH: 10
STORAGE ABILITY:	PROPELLANT:
COLD STABILITY:	EVAPORATION RATE: Slower than butyl acetate
PHOSPHATES:	BIODEGRADABILITY:

DIRECTIONS FOR USE

Fleetmaster Gold QB should not be allowed to dry on glass or paint work.
