

## SLEEK

CONTAINS INVISIBLE ANISTATIC SHIELD

### DESCRIPTION

**Sleek** is a top of the range vehicle wash with a protective finish.

### APPLICATIONS

For use by anyone cleaning, detailing or maintaining vehicles.

For use by rental car companies.

### TECHNICAL DATA

<b>FORM:</b> Liquid	<b>ODOUR:</b> Nil
<b>COLOUR:</b> Green	<b>SOLUBILITY IN WATER:</b> Soluble
<b>DETERGENCY:</b> Excellent	<b>SPECIFIC GRAVITY:</b> 1.0
<b>TOXICITY:</b> Non-Toxic	<b>%VOLATILE BY VOLUME:</b> Nil
<b>WETTING ABILITY:</b> Sensational	<b>pH:</b> 7.5-8
<b>STORAGE ABILITY:</b> 2 Year	<b>VISCOSITY:</b> Medium
<b>PHOSPHATES:</b> Nil	<b>EVAPORATION RATE:</b> Slow
<b>COLD STABILITY:</b> Cold	<b>BIODEGRADABILITY:</b> Yes

### DIRECTIONS FOR USE

**SPRAY ON - HOSE OFF:** Dilute **Sleek** with 50 parts water. Spray mixture onto vehicle starting at the bottom and working up. Allow about 10 - 15 minutes penetration time. Rinse thoroughly using a strong water jet. Rinse until all foam is removed from surfaces.

**CAUTION:** Avoid washing hot surfaces. If necessary, cool vehicle with water before commencing.

**HAND WASHING:** Use one half of one full cup of **Sleek** to a bucket of water (10 litres). Apply with a broom or a sponge. Rinse well.

**LIGHT DEGREASING:** Use one part of **Sleek** to nine parts of hot or cold water. Rinse well after a few minutes penetration time.

#### INVISIBLE ANTISTAT SHIELD

**DESCRIPTION:** **Sleek** is a highly concentrated formula which consists of biodegradable detergents, wetting agents, foam stabilisers and rinse additives for effortless, streak-free cleaning of automotive surfaces. The thick, rich suds cling to surfaces to remove dirt, grease, oil, road film, insects, bird droppings, tree sap, exhaust film, and petroleum residue.

**Sleek** combines the latest technology from Europe with the special anti static properties of a North American additive. This leaves a positive charge on the paint work of vehicles, thus repelling dirt, grime, dust and traffic film.

**Sleek** advantage over all other vehicle washers is that the coating promotes the gloss from good paintwork and seals and protects much like carnauba wax washes.

**Sleek** stable foam additives and wetting properties, penetrates extremely well and allows grime, dirt, dust and road traffic film to be hosed off very easily.
