

PHOSRINSE

CONCENTRATED ACIDIC CLEANER

DESCRIPTION

PHOSRINSE IS A CONCENTRATED ACIDIC CLEANER

APPLICATIONS

For use by everyone that has a use for a safe acid descaler.

TECHNICAL DATA

FORM: Liquid
COLOUR: Straw
DETERGENCY: Excellent
TOXICITY: Poison S6
WETTING ABILITY: Excellent
STORAGE ABILITY: 2 years
EVAPORATION RATE: Slow
PHOSPHATES: Yes

ODOUR: Slightly acidic
SOLUBILITY IN WATER: soluble
SPECIFIC GRAVITY: 1.2g/ml
%VOLATILE BY VOLUME: 50%
pH: <1
COLD STABILITY: stable
BIODEGRADABILITY: Yes

DIRECTIONS FOR USE

Phosrinse is an acid based cleaner to remove water scale, rust spots, lime and oxidation from most metals and concrete.

Contact with galvanised and zinc surfaces should be avoided.

Ideal on aluminium truck bodies and boots. Phosrinse cleans mag wheels, toilet bowls, urinals, shower and bathroom areas, fibreglass, concrete and tiles.

Phosrinse may be used in a pickling bath for metal parts.
