

## Technical Data Sheet

## **Nu-EcoSafe Strip Architectural**

Product	Nu-EcoSafe Strip Architectural is a user friendly, water-based, biodegradable Strong and
	• • • • • •
Description	Effective paint remover.
	Nu-EcoSafe Strip Architectural has been developed specifically for interior DIY and
	commercial architectural applications where efficient, low odour paint removal is
	required.
	Water-based
Nu-EcoSafe Strip	Fully biodegradable
Architectural	
	Non-flammable
Features:	<ul> <li>Contains no TAPs or HAPs (Toxic / Hazardous Air Pollutants)</li> </ul>
	Easy clean up
	Low VOC
	Will not burn skin
Safety	Observe all Occupation Health and Safety (OH&S) precautions.
Precautions:	
Precautions:	Refer to the relevant Safety Data Sheets (SDS) for product safety related information.
	For further information and support: Nutech Paint 03 9770 3000
	www.nutechpaint.com.au
	Use impervious gloves, eye protection and if the TLV is exceeded or used in a poorly
	ventilated area, use NIOSH/MSHA approved respiratory protection in accordance with
	applicable Federal, state and local regulations
Provisions:	Airless sprayer/ Pressure Washer: Recommended for larger areas. Use only equipment
	with chemical resistant components.
	<b>Other equipment:</b> brushes, short nap rollers, paint scraper, masking tape, polyethylene
	sheet, electric drill with mixer.
	For Clean Up: empty pails, scourer pads, Nu-Tech EcoZorb, clean water.
Chemical Type	Water based paint stripper
Product Attributes	pH: 10 - 11
	Per Cent Volatiles (VOC): 49%
	Solubility: In Water
	Minimum Film Forming Temperature: N/A
Typical	Nu-EcoSafe Strip Architectural will remove:
Applications	Thin film urethanes, lacquers, shellac, water-based acrylic, latex and alkyd based paints.
Appearance	Milky pale pink coloured liquid
Coverage /	1 - 2m²/L
Spread Rate	Approximately 1 to 2.2sq.m./L depending on the type and thickness of the coating to be
	removed
Packaging	
Packaging Shelf life	500ml, 1L, 4L, 10L, 20L, 200L Stored 24 months @ 25°C

Culturate	No. For Cofe Chain Anglite structure line with his for any animated plasters timber and an
Substrate	Nu-EcoSafe Strip Architectural is suitable for pre-painted plaster, timber, masonry,
Recommendations	brick, vinyl floor coverings and other types of flooring and other similar building
	substrates where effective low odour paint removal is required.
NOTE	Whilst this product is low in VOC, Nutech Paint recommends adequate internal air
	ventilation during works.
Mixing/ Thinning	DO NOT SHAKE
	Some separation of the product can be expected.
	To ensure a homogeneous mix and effective performance, use a drill mixer and mix
	product until it is uniform in colour and consistency prior to use.
Test Patch	In accordance with the application procedure of this TDS, conduct a small test patch in
	an inconspicuous area to ensure adequate product performance, substrate porosity and
	provide an indication of the time required to complete project.
Substrate note:	All surfaces must be clean and in sound condition. Remove all oil, dirt, grease, flaking
	paint and contamination.
	Improperly prepared surfaces may result in coating failure.
	Above 13°C if working in cooler temperatures expect a longer dwell time.
	Keep from freezing
Application	Brush
	Roller
	Airless Spray
Procedure:	Masking: Cover/ protect any areas that are not to be stripped, this includes adjoining
	surfaces and plants where overspray (where applicable) may travel.
	<ul> <li>Polyethylene sheets are a very effective barrier.</li> </ul>
	• Masking tape - Apply two layers of tape and remove the top layer immediately
	after application as the stripper may soak through the tape.
	Brush/ Roller:
	• Apply a thick, even layer of Nu-EcoSafe Strip Architectural onto the coating
	being removed and allow to activate.
	Airless spray: Is the most effective means for application for large areas.
	<ul> <li>DO NOT use high air pressure and/or small gun tips</li> </ul>
	Remove all filters from the pump, sprayer and gun.
	• Prime the pump and run stripper through the hose and gun until all previous
	water / solvent / paint residue has been cleaned out.
	Always start the sprayer pump at the lowest pressure setting and slowly build up the
	pressure until an adequate fan pattern has been generated to minimise overspray.
	<ul> <li>Allow to activate.</li> </ul>
	<ul> <li>DO NOT rinse between applications</li> </ul>
	<ul> <li>DO NOT allow Nu-EcoSafe Strip Architectural to dry out</li> </ul>
	Vertical surfaces: Re-apply Nu-EcoSafe Strip Architectural after approximately 5 – 30
	minutes to build up the level of stripper and allow to activate.

	Nutech Paint
	For a perfect finish!
Warranty	Nutech warrants its products to be free from defects in material and workmanship. Nutech's sole obligation and Buyer's exclusive remedy in connection with the products shall be limited, at Nutech's option, to either replacement of products not conforming to this Warranty or credit to Buyer's account in the invoiced amount of the nonconforming products. Any claim under this Warranty must be made by Buyer to Nutech in writing within five (5) days of Buyer's discovery of the claimed defect, but in no event later than the expiration of the applicable shelf life, or one year from the delivery date, whichever is earlier. Buyer's failure to notify Nutech of such non-conformance as required herein shall bar Buyer from recovery under this Warranty. Nutech makes no other warranties concerning the product. No other warranties, whether express, implied, or statutory, such as warranties of merchantability or fitness for a particular purpose, shall apply. In no event shall Nutech be liable for consequential or incidental damages. Any recommendation or suggestion relating to the use of the products made by Nutech, whether in its technical literature, or in response to specific inquiry, or otherwise, is based on data believed to be reliable; however, the products and information are intended for use by Buyers having requisite skill and know-how in the industry, and therefore it is for Buyer to satisfy itself of the suitability of the products for its own particular use and it shall be deemed that Buyer has done so, at its sole discretion and risk. Variation in environment, changes in procedures of use, or extrapolation of data may cause unsatisfactory results.
Limitation of Liability	Nutech's liability on any claim of any kind, including claims based upon Nutech's negligence or strict liability, for any loss or damage arising out of, connected with, or resulting from the use of the products, shall in no case exceed the purchase price allocable to the products or part thereof which gives rise to the claim. In no event shall Nutech be liable for consequential or incidental damages.
Disclaimer	The information given on this data sheet is based on many years' experience and is correct to the best of our knowledge. However, since the use of our product, surface conditions, weather and a number of other factors are completely beyond our control, we can only be responsible for the quality of our product at the time of dispatch.
