

STELLA™ CLEAR GREASE

FOOD GRADE NON MELT GREASE

DESCRIPTION & APPLICATION:

STELLA™ CLEAR GREASE is an NLGI 2 synthetic gel-like grease suitable for a wide range of applications in the Food, Drink and Pharmaceutical industries. It is specially formulated for the lubrication of equipment subjected to wet conditions and / or operating in high humidity or at low temperatures.

STELLA™ CLEAR GREASE is NSF H1 registered for use where incidental contact with food may occur in food, drink and pharmaceutical processing and packaging equipment.

STELLA™ CLEAR GREASE is non-melting and is suitable for the lubrication of plain and rolling element bearings as well as for the lubrication of plastic components and O rings. It also contains PTFE which provides good anti-wear properties.

BENEFITS:

- Strong resistance to wet and salt water environments
- Excellent anti-wear performance prolonging component life
- Good resistance to vibrating conditions allowing longer lubrication intervals
- Safe for use in HACCP Certified Food and Packaging Manufacturing Plants
