

PEAK WORN ENGINE FORTIFIER

ENGINE OIL ADDITIVE

DESCRIPTION & APPLICATION:

PEAK Worn Engine Fortifier is a high-performance product used to reduce excessive oil consumption, minimise smoke along with eliminating engine rattling noises while increasing engine compression in worn engines.

PEAK Worn Engine Fortifier extends engine life and is recommended for use in older engines or high kilometre vehicles that are showing signs of wear, evidenced by high oil consumption or excessive exhaust smoking.

BENEFITS:

- Reduce oil consumption in engines showing signs of wear
- Minimises exhaust smoking by providing better piston ring sealing
- Restores performance to tired engines
- Improves oil pressure to better protect moving parts
- Compatible with all base oil types.

Note: This product is not to be used in wet clutch applications.

HOW TO USE:

- One bottle treats up to 7L of oil
- Add correct amount of PEAK Worn Engine Fortifier to crankcase as a supplement or in combination with new oil at time of service
- This is a leave in engine oil treatment and can be used at every service
