

PRODUCT INFORMATION SHEET

HEXA

Antibacterial Hand Soap

HEXA is particularly suited for use in areas where food products are involved.

Description

- ❖ HEXA is an odourless antibacterial hand cleaner formulated for the use where an efficient mild hand soap is specified. HEXA is a viscous clear blue liquid and is odourless.

Application

- ❖ HEXA is based on mild anionic surfactants and contains a biocide and humectants to keep skin supple and reduce drying. HEXA is particularly suited for use in areas where food products are involved.
- ❖ HEXA is active against the following pathogens: Salmonella typhosa Staphylococcus aureus Pseudomonas aeruginosa Escheria coli.

Features and Benefits

- ❖ Anti-Bacterial Action
- ❖ Suitable for all Food Areas - Eg Odourless hand soap
- ❖ Highly Economical
- ❖ Only a small amount generates rich lather required to provide effective cleansing
- ❖ Soft on the skin
- ❖ Contains skin conditioning agents

Directions for Use

- ❖ Wet hands then apply a small quantity of HEXA. Rub in well until a rich lather is produced then rinse off with water

Packaging

- ❖ 800 ml ♦ 5 Litre polyethylene drums ♦ 15 Litre polyethylene drums

Health Hazard Information

- ❖ See separate Health and Safety Data Sheet, available on request.

The Product Information Sheet supersedes all previous issues for this product. Information contained herein is offered in good faith as being true and accurate to the best of our knowledge, but as the conditions of use are beyond our control, no guarantees are either stated or implied. Where health or safety data given discloses a risk to the user or the environment, it is the responsibility of the purchaser to pass on the information to employees who may be using the product, ensuring that adequate safety procedures are used, including good industrial hygiene.
