THREE IN ONE

ACID CLEANER/SANITISER FOR THE DAIRY INDUSTRY

Active Constituents

680 g/L PHOSPHORIC ACID
4 g/L AVAILABLE IODINE

Description

THREE IN ONE is a liquid acid detergent / sanitiser for use every day for milkstone removal. A special clean using CIRCOMATE Circulation and Bomb Cleaner should be used monthly in conjunction with **THREE IN ONE**

Application

THREE-IN-ONE is a unique product in that it can be used as a one step cleaner for milking equipment and vats. **THREE-IN-ONE** eliminates the need to use a pre-milking sanitiser and a milkstone removal step in the cleaning process.

Features and Benefits

- Highly effective iodine containing sanitiser to ensure plant lines and food contact surfaces are germ free
- Low foaming to minimise rinsing required.
- Is used at much lower temperatures than the traditional dairy cleaners on the market today.
- Eliminates the need to use a pre-milking sanitiser and a milkstone removal step in the cleaning process.
- Especially suited to third line cleaning systems and in particular rotary sheds.
- **THREE-IN-ONE** has been extensively trialed in the Warrnambool area in Victoria with outstanding results.
