SUPERWASH

Laundry Powder

Description

A blue perfumed free-flowing domestic grade synthetic detergent powder. **SUPERWASH** contains anti-redeposition agents, optical brighteners and soil suspending agents. Can be used in hot, cold or warm water. (Dissolve in a little hot water when using in cold water.)

Application

SUPERWASH laundry powder is a concentrated product for use in both automatic and manual machines in either hot or cold water. Ideally pre-dissolve powder before adding to the machine.

Features and Benefits

- ◆ Contains no harsh caustic alkalis - ensures safe handling by the operator.
- ◆ Excellent cleaning results in hot or cold water
- ◆ Optimised levels of optical brighteners to ensure maximum whiteness and brightness is attained.
- ◆ Contains a substantive fragrance to leave garments smelling fresh and deodorized
- ◆ Provides a quality low cost wash.

Directions

Use at the rate of 60g (1/3 cup) per wash load for machine washing. For heavily soiled articles and for the efficient removal of stubborn stains, increase the amount as necessary. For commercial and industrial machines, use up to 120g (1 cup) per wash. Use rates are quoted per kilogram of dry weight wash load

Packaging

- ◆ 25 Kg polyethylene bag

Health Hazard
