# DETERGE HD

## Heavy Duty Multi Purpose Cleaner

### Description

**Deterge HD** is designed for use in either pressure washing systems, steam cleaning equipment, or the spraying on and wiping off method.

### Directions

Light cleaning – dilute 1 parts to 80 parts water.  
 High pressure washers – 1 part to 70 parts water and for heavy soils use 1 part to 50 parts water.  
 Truck chassis – 1 part to parts water. Rinse well.

CLEANING OPERATION	AVERAGE CONCENTRATION	GENERAL DIRECTIONS
<b>Light Cleaning:</b> Painted surfaces, metal Furniture, floors, car wheels, Porcelain, trams, toilets, buses	1 : 80 parts water	Apply solution by method best suited to the particular kind of washing being done; either mop, brush, rag or sponge. Rinse or wipe using a clean wet cloth or mop.
Floors that are regularly cleaned	1 : 80 parts water (Light) 1 : 40 parts water (Heavy)	Pour hot or cold solution over floor And scrub. If time can be allowed for soaking, better results will be obtained with less 'elbow grease'. Brush again and hose off with clean water. If pressure rinsing is not convenient, mopping up with clean water will leave the floor clean.
Cleaning oily, dirty concrete Floors.	1 : 4 parts water	Spray solution on floor, let sit for 10 minutes, agitate solution with Long handled stiff broom or Electric machine and rinse.
