DAWN POWDER

LOW FOAMING POWDERED ACID DAIRY DETERGENT

Active Constituents

865 g/kg SULPHAMIC ACID

Description

DAWN Powder is a low foaming acid dairy detergent formulated for use in third line or recirculated systems. **DAWN Powder** contains a unique blend of powder acids and low foaming wetting agents to assist with cleaning and suspension of soils.

Application

DAWN powder is used each morning after milking and is a companion product to DUSK which is used each evening after milking. Supervised farm trials carried out in hard water areas have shown that the **DAWN/ DUSK** system is the answer to maintaining Total Plate Counts (TPC) to less than 25,000.

Features and Benefits

- Low Foaming
- Free rinsing.
- **DAWN POWDER** has been evaluated by the Australian Pesticides and Veterinary Medicines Authority and found to comply with Australian Standard AS1389.
- Excellent penetration action to prevent redeposition occurring.
- Highly concentrated for economy in use.
