

## PRODUCT INFORMATION SHEET

# DELICATE

## Graffiti Remover For Sensitive Surfaces

### Description

**DELICATE** is used for the removal of graffiti from most hard surfaces.

*Ideal to remove graffiti from: Perspex, traffic signs, plastics, painted surfaces, colorbond, powder coated metal, garage doors, glass, vinyl, whiteboards, bus interiors / exteriors, train interiors and other sensitive surfaces..*

### Features and Benefits

- ◆ pH Neutral
- ◆ Non-Toxic
- ◆ Non-Flammable
- ◆ Non-Corrosive

### Directions for Use

1. Test surface for compatibility.
2. Clean & dry surfaces ( NOTE: Most graffiti removal products work best on dry surfaces. )
3. Apply DELICATE onto defaced area and work well into surface with a stiff brush or rag
4. Leave for 5 minutes. Smudge the graffiti with a rag to test if the graffiti has released.
5. Rub surface with a rag or light abrasive
6. Repeat steps 2 to 5, keep area wet with DELICATE , until all graffiti is removed.
7. Remove chemical with a water wet rag, hose or bucket of water, this will neutralise graffiti chemical.

### Product Coverage

Coverage rates for graffiti removal vary significantly depending on various factors such as: age of the graffiti, type of graffiti, thickness of the graffiti, temperature, moisture, porosity, substrate and equipment used. A typical spray paint tag 30cm x 20cm on plastic will require approximately 100mL of product.

### Packaging

- ❖ 5 Litre polyethylene drums

### Health Hazard Information

- ❖ See separate Health and Safety Data Sheet, available on request.

The Product Information Sheet supersedes all previous issues for this product.
