NIGHT POWDER

ALKALI DAIRY DETERGENT

Active Constituents

1000 g/kg ALKALINE SALTS

Description

NIGHT POWDER Alkali Dairy Detergent is a low foaming alkali dairy detergent formulated for use in third line or recirculated systems. **NIGHT POWDER** Evening Milking Hard Water Detergent contains a unique blend of alkaline ingredients and low foaming wetting agents which ensure soil is suspended and surfaces are left clean and suspension of soils.

Application

NIGHT POWDER Alkali Dairy Detergent is used each evening after milking and is a companion product to DAWN which is used each morning after milking. Supervised farm trials carried out in hard water areas have shown that the **DUSK / DAWN** system is the answer to maintaining Total Plate Counts (TPC) to less than 25,000.

Features and Benefits

- Low Foaming
- Free rinsing.
- **NIGHT POWDER** Alkali Dairy Detergent has been evaluated by the National Registration Authority and found to comply with Australian Standard AS1803
- Excellent penetration action to prevent redeposition occurring.
- Highly concentrated for economy in use.
