

VPS Ultimate Diesel System & Injector Cleaner

Ultimate Diesel System & Injector Cleaner is an ultra-concentrated one tank clean-up multifunctional diesel cleaner. This technologically advanced system cleaner removes harmful full fuel system deposits, cleans and restores injectors to correct operation and restores the diesel fuel systems performance.

This latest generation multifunctional one tank diesel cleaner significant improvements in operating efficiency, overcoming poor fuel economy, injector fouling and the possibility of costly engine repairs.

Ultimate Diesel System & Injector Cleaner is suitable for Common Rail and Indirect Injection Systems. Safe for use in the latest generation diesels as well as older technology diesel engines including passenger car, 4WD, light and heavy duty diesel vehicles with or without DPF, SCR & other emission controls devices.

Easy to Use:

Add one 350 ml Ultimate Diesel System & Injector Cleaner to fuel tank before filling. 350ml treats 65 litres of diesel. For heavily fouled systems repeat treatment at next diesel fill if required. Do not exceed 5 treatments between oil changes.

Treatment Guide	
VPS Diesel Cleaner Treats	Litres of Diesel Fuel
500 ml	90 L
1 L	180 L
5 L	900 L
10 L	1,800 L

Note: Ultimate Diesel System & Injector Cleaner is an ultra-concentrated one tank diesel cleaner. This product is not suitable for the controlling and eliminating fungal growth or as an anti-bacterial system control.

Features and Benefits

- Totally cleans & protects diesel fuel system components
- One tank clean-up with one treatment
- Works as you drive to improve engine performance & lower fuel consumption
- Prevents future deposit build-up for up to 15,000km
- Suitable for Common Rail & Indirect Injection Systems, Bio-Diesel & Safe for DPF & other emission controls
- Restores fuel injector to correct operation
- Restores power and fuel economy
- Suitable for various types of diesel

PRODUCT INFORMATION

Keeping the world moving since 1866™

Serving more than 100 countries around the globe, Valvoline is a leading marketer, distributor and producer of quality branded automotive and industrial products and services. Products include automotive lubricants including MaxLife™, the first motor oil specifically formulated for higher-mileage vehicles; transmission fluids; gear oils; hydraulic lubricants; automotive chemicals; specialty products; greases, and cooling system products.
